

APRIL 2026

# JUNIOR JOURNAL

## Dear KidsCo Jr Rockwell Families,

Spring is finally here! I am hoping the weather stays beautiful and warm!

Thank you families for participating in our book blast! Every child was able to get one free book for their home library! We have so much coming up! During spring break, we will have themed days including an eggs-travaganza day which we will have a fun egg hunt!

Picture day is also coming up! If you haven't done so already, please fill out the picture day form which can be found on the parent tables. We will also have an early Earth day celebration this year and would love to invite you to help us clean the earth! and have an outdoor picnic lunch afterwards. Be on the look out for a sign up sheet! Want to know how much your child has grown? Sign up for parent-teacher conferences! They will take place the week of April 20<sup>th</sup>!

I hope these April showers bring lots of beautiful May flowers to you!

With Love, Ms Brenda (Director)

Graduation

May 25<sup>th</sup>: Memorial Day,  
KidsCo Jr CLOSED

## Purple Room

Happy April! Spring is here!  
This month, the littles will be focusing on butterflies, bugs and insects, Earth Week, and plants!  
We will make spring animal crafts and use our bodies to explore theme related hands-on activities.

DButler@KidsCoOnline.com  
CJaeger@KidsCoOnline.com

Spring has officially arrived! The older Purple room is excited to start the month with an Easter theme. We will make fun crafts and even have an egg hunt! Then comes spring animals! We will make cute animal crafts and explore in a frog pond sensory bin! Next, rain theme with umbrellas, rain clouds, and some rubber duck sensory fun! Following rain, it will be all about colors. We will explore a different color each day and have a rainbow pom pom sensory bin to practice sorting! We will end the month by celebrating our Earth with Earth Day. We will create the Earth using different materials and explore in play dough and shaving cream sensory bins. We can't wait for another exciting month!

## Orange Room

Happy April, everyone! This month's themes are bugs & insects , space , spring fun , and dinosaurs !

We are especially excited for dinosaur week because so many friends love dinosaurs! We have so much to learn and create and can't wait to see which dinosaurs become their favorites.

We are also really looking forward to the warmer weather so we can spend more time learning and exploring outside!

Let's have an amazing April!

## Blue Room

Hello Blue Jay Families!

We are so excited for another fun-filled month with our friends! We'll kick off the month diving into the world of bugs and insects. We will go on an exciting outdoor hunt to find little critters! Next, we'll blast off into space! We'll make edible rockets using fruit and create constellations with marshmallows and pretzel sticks. Then, it's time for weather! Each day, we'll explore a different type of weather. We'll decorate and enjoy delicious ice cream while talking all about sunshine! Finally, we will welcome spring by creating beautiful flowers using stems, leaves, and pebbles. Our classroom will bloom with color and creativity!

## Green Room

Happy April, Green Rocket families! We can't believe spring is already here! To kick off April, we will be learning about bugs and insects. We will go outdoors on a scavenger hunt to search for bugs and insects! We are also looking forward to making a yummy dirt cup food craft with gummy worms. Next, we're heading to space! We will be learning about the phases of the moon using Oreos, and we will practice making star constellations with marshmallows and toothpicks. After that, dinosaurs! We are super excited about making salt dough fossils. To wrap up April, we will learn about farm animals. We are excited to make a yummy pig using a bagel and strawberry cream cheese! We can't wait to share photos of all the exciting activities for April!
