

# Junior Journal

JUNE 2026

## Dear Rockwell Families,

Wow! What an amazing school year we had! It has been so much fun learning and playing this year! Our school year may be over, but the fun won't stop!

Thank you parents for all your support and partnership, we couldn't have done this without you. I want to give a special shout out to our graduates! Congratulations, your future looks so bright you will need shades! I can't wait to hear about your new chapter.

We will end our year with a special Donuts with Dad/Dad figures on Friday, June 12<sup>th</sup>. Please be on the look out for a sign-up sheet on the parent tables.

As we approach hot, summer days, please send in labeled sunscreen and weather appropriate extra clothes to keep on site. We will be outside very often, exploring nature and its beauty.

Before I go, I want to thank you for your patience and being so understanding while we make this transition to our new summer school. We are going to make memories and have the best time on our "vacation" as I like to call it. As always, my door is open for any questions or anything you may need.

As Tigger always says, "TTFN, Ta Ta for now"

With love, Ms. Brenda (Director)

## Purple Room

Hello June!

We are so excited for another fun-filled month in the Purple Flowers room! This month, our themes will be summer, ice cream, and Father's Day. For our summer theme, the children will enjoy hands-on activities like making beach sensory bags, using chalk paint outside, and making different summer crafts. We can't wait to soak up the sunshine and have fun learning through play! During our Ice Cream theme, we will make adorable ice cream footprint crafts, paint with ice cream cones, and maybe even taste a few different ice cream flavors for a special treat! To end our school year, we will celebrate Father's Day by making special gifts for all of our amazing dads and father figures. It's hard to believe the school year is almost over!

Howdy, purple room families! We can't believe we've made it all the way to June! We are finishing out the school year with some awesome activities! We will start the month with a camping theme. We will have a pretend campfire, taste test some s'mores, and explore in a bug sensory bin! The following week we will learn about zoo animals. Lions and tigers and bears, oh my! Our sensory bin will feature a zoo animal feeding station. We will finish out the school year with an ocean theme. We will explore in the water table, make some paper plate sea creatures, and learn all about the animals who live under the sea! We had so much fun this year and can't wait for the summer time!

## Orange Room

Hello Orange room families!

We can't believe the school year is almost over! We still have so many fun activities planned for June! We will start by discovering the desert! We will make a camel out of hand prints by painting our own hands and we will also use sand in a desert with cactus in our sensory bin. Following desert, is ocean animals! Our classroom will turn into an ocean as we sing many ocean animal songs and play sharks and minnows during music and movement. We will also do a fun scavenger hunt as we go find Nemo in our classroom! We hope that your summer is great!

## Blue Room

Happy June Blue Room Families!

We are so excited for the month of June! To kick off the month, we will be learning all about Desert Life! Our friends will experience a sweet and sandy treat by creating edible deserts using crushed cheerios as sand, gummy worms, green frosting, and pretzels to make cactuses! Next, we will go under the sea and explore ocean animals.

We will make our own starfish using bubble wrap and paint. We will also do a fun math activity using sea urchins we make. Lastly, we will jump into summer time fun as we transform our classroom into a beach! Our friends will enjoy exciting summer-themed activities, beach fun, and even some cold treats to make the experience feel extra real and special!

## Green Room

Congratulations to your Graduates! Thank you so much for joining us on their special day! We are so proud of each one of these little guys and gals! Graduation is done, but the fun doesn't stop! To finish off our school year, we will begin June by learning about the desert. We will explore cactus and have a fun, silly camel race where we will put a pillow on our backs to be camels. Next, we will explore the ocean life! We will make jelly fish out of tissue paper and streamers and will make a yummy oceans with blue jello. To wrap up our school year, we will have fun during summer week! We will have a fun water day with water tables and a splash pad and make our own flip flops with construction paper and pipe cleaners. We hope you have a wonderful summer!
